Walter Moore, This City, Took Part in Many Battles

Walter Moore who served overseas with Company I, 118th Infantry of the 30th Division, has been awarded the distinguished service cross of the United States for exceptional valor and extraordinary heroism in action near Brancourt, France, October 8, 1918; and near Vaux-Andigny, France, October 9, 1918. His citation reads: "During the action of his company at Brancourt, Private Moore went out alone, and attacked an out-post, containing one officer and eight men, capturing the entire party and turning them over as prisoners On the following day he advanced alone 50 yards in front of his company and successfully attacked an enemy sniper who was placing an effective fire on our lines.

Mr. Moore was with the 30th Division when it smashed through the Hindenburg line and entered the tunnel of St. Quentin, which was considered impregnable by the Germans. It was in this tunnel that the Americans were first confronted with the ghastly sbectacle of the famous "big iron pot" in which the Germans were known to have boiled some of their dead to obtain substances for war purposes.

The 30th Division was the first American division to enter Belgium, and Mr. Moore took part in every engagement of the 118th Infantry of this division. He is certainly to be congratulated upon receiving the distinguished service cross conferred upon him by our government.

LEE SCHOOL HOLDS SOPHOMORE'S

In a closely contested game which was a thrill from start to finish, the high school sophomore basket ball team won out over the Lee School seventh grade team by a score of 9 to 7 last night in high school auditorium.

Both teams played a good game and there was never a time that any player on either team was not exerted to the utmost to keep their opponents in check.

Mary Davis, the star first team guard, played a wonderful game for the sophomores, while Thelma Wade, who played guard for the Lee school team, showed up equally as well in her position. Louise Jones the little Lee School side center, may well be especially commended for the clean cut manner in which she handled herself on the floor.

The line up was as follows: High School, Catherine Baumgardner, forward; Theresa Connell, forward; Inez Simpson, center; Mabel Burt, side center; Mary Davis, guard; Isabelle Abramson, guard. Lee School, Marion Chilcotte; forward; Gladys Hoherstein, forward; Mary Finks, center; Louise Jones, side center; Thelma Wade, guard; and Josephine Duffey, guard.

All of the officers of the board of directors of the Young Men's Christian Association of last year were reelected at the Chamber of Commerce last night. C. C. Lamond, president, Judge J. K. M. Norton, first vice president; C. C. Carlin, second vice president; S. W. Pitts, secretary, and Carroll Pierce, treasurer.

Nearly every member of the newly elected board was present at the organization meeting and perhaps the most enthusiastic meeting the board has held resulted. Reports were heard from the general secretary and the treasurer, and then a nominating committee consisting of Urban S. Lambert, chairman, Chas. E. Dare, R. E. Knight and Arthur King was appointed. The committee unanimously recommended the re-election of last year's officers.

A., so well established in Alexandria, and predicted that under their leadership the association has nothing to fear in the future. President Lamond was then asked to appoint the new finance committee for the present year and Chas. F. Holden was appointed chairman, and Arthur M. King and Erban S. Lambert the other members of the committee.

Several committee chairman will be appointed at the next regular meeting. Mr. Lamond having taken the matter of their appointment under advisement until then. Membership cards are to be issued to all subscribers this year and "Association Men," the official Y. M. C. A., magazine will be sent to every member.

One of the new members of the board asked last evening that the list of last year's subscribers be read to the board as he thought all of the members would be glad to know just who were responsible for the financing of the first year of the orgnization. Great Success

Stores Crowded With Shoppers Who Secured Big Dollar Day Bargains

Ideal weather conditions, more like spring than any day this winter, helped make Dollar Day the biggest and best ever held in Alexandria. Every merchant participating in the sale is willing to join unanimously in voting Dollar Day the most wonderful sale event that has ever been carried out in Alexandria.

Hundreds of people were awaiting the opening of the stores at eight o'clock this morning and before the morning had advanced even one hour a great number of the best bargains had been culled out and carried triumphantly away.

This is the first Dollar Day sale to be held this year and the bargains that are being offered today are the best that have been gotten together for the past two years. Every sale has been better than the preceding one and the merchants have found the present Dollar Day sale the biggest yet.

The bargains that are being offered by the majority of the stores are of such quality that no salesmanship is necessary to sell them. The people of the city have been so used to high prices that they are literally swept off their feet by the great number of high grade items that are listed in the Dollar Day bargains today. It is expected that the stores will be kept busy till late tonight, as many who were unable to be out today will shop this evening.

The third robbery occurred last night when two chickens were taken and Mr. Roberts encountered the men while going home. Each one had a chicken under his arm. PRESIDENT TO REPORT

Washington, D. C., Feb. 16.—White House officials announced yesterday that President Wilson before his retirement March 4 will make a final itemized report showing the disbursements and allotments made by him out of the $160,000,000 war fund voted him by Congress.

WANT PRESIDENT'S PARIS EXPENSES

After Hot Debate House Adopts Resolution Calling For Itemized Account

DEMOCRATS OPPOSE

Republican Majority Accused of Attempting to Defame President—Denies Making Charges.

Washington, Feb. 16.—After a heated debate the House late yesterday adopted a resolution calling upon President Wilson for an itemized statement showing disbursements and allotments of the $150,000,000 war funds voted by Congress.

The resolution, which was adopted 211 to 79, was attacked by Democrats who charged that it was put forward to defame President Wilson. Reference to expenditures by the American Peace Commission at Paris fanned the flames on the Democratic side and turned the debate into partisan channels.

Chairman Good, of the Appropriations Committee, who reported the resolution introduced by Representative Gould, Republican, New York, declared that if any injustice had been done the President the Democrats were responsible by attempting to create the impression that "there was something crooked in the money spending," when the resolution itself did not intimate that there had been anything improper. Mr. Good declined to offer an amendment calling upon Government departments for an accounting, which was the method adopted, Democrats stated, in asking for an accounting of Spanish War funds in President McKinley's day.

Representative Byrns, Democrat, Tennessee, declared that while he had no objection to adoption of the resolution he thought the information should be sought from departments to which the money had been allotted The President, he said, had nothing to do with the actual spending.

"The American people will never forget the great achievements of Woodrow Wilson," said Mr. Byrns "and his name will fill the brightest pages of history after his detractors are dead and forgotten."

Representative Rogers, Republican, Massachusetts, attacked reported expenditures of the peace commission at the Hotel Crillon in Paris, calling attention specifically to an item of $125,000 for damage to the hotel property.

"The acting Secretary of State was unable to give details of the Paris expenditure," Mr. Rogers said. "Wages of hotel employes amounted to $131,000, and we had to pay for their food. There was another item of $14,000 for automobiles, when the streets of Paris were over run with American cars. Confidential expenses of the Presidential party were put down at $17,534. Why should there be confidential expenses of a President to negotiate on the part of the people a treaty of peace?"

Representatives Lyrnes, South Carolina, and Dewalt, Pennsylvania, Democrats, bitterly assailed the resolution. Mr. Byrnes insisting that Congress, after the Spanish War, "did not attempt to insult McKinley."

"I charge that the purpose of this resolution," said Mr. Dewalt, "is to defame and malign President Wilson And here you come," he declared, turning to the Republican side, "with a resolution to examine his laundry bills."

Turning upon Representative Rogers, Representative Rayburn, Democrat, Texas, said:

"In the 14 years of my legislative service I have seen some pretty small men and some pretty small acts, but never in that time have I seen so small a performance as that enacted a moment ago by the gentleman from Massachusetts. Last fall I was surprised and shocked that the President's personal life and character should be dragged through the mire and the heart in his emaciated frame wrung by the slander. I wondered then where they came from, and I wonder now if they originated in Massachusetts. In God's name, when will we all then cease this campaign of slander and abuse on the retiring President? The big men of the Republican party never engaged in it. They may differ as to questions of great policy, but it never allowed them to stoop to defamation of character."

"The Democratic attack on this measure does the President an injustice," Mr. Good declared. "In my mind you have created the impression that there was something crooked when no charges are made. Thank God it was not the Republicans who questioned the propriety of asking the President for information."

After the vote had been announced Mr. Good asked that "a resolution of a similar nature be tabled now."

"Is that the best you can do, insult a mad majority or intends to offer the President?" shouted Representative Garrett, Democrat, Tennessee.

Mr. Good replied that no insult had been intended.

Wild Auto Driver

After Damaging Two Machines and Crashing Into Pole He Dashes to Freedom as Cop Jumps To Save Life

An automobile truck belonging to De W. Aitcheson, coal dealer, was taken from Mr. Aitcheson's coal yard last night by a colored employee after the closing of the yards and the man ran amuck with the truck, damaging two automobiles, and ended by crashing into a telegraph pole on South Lee street between Duke and Wolfe streets.

The wild driver was intercepted by Policeman Douglas Lunsford and the officer got into the machine and was having the driver convey it to the garage from which it was taken. The driver, however, was inexperienced and just as he was about to crash into the telegraph pole Policemen Lunsford leaped to escape his life and as he did so the negro fled from the machine. The officers have his name and his arrest is expected.

It is reported that he only started to learn to operate the machine yesterday and took the vehicle out of the place last night without the consent of the owner.

The machines damaged were parked on Alfred street just north of King and are the property of J. G. Landers and J. E. Stonnell. The mud guards and fenders of both machines were damaged.

These families averaged 3.5 children each, including all births during and prior to the months named. The youngest mother on record was 12 years old.

Snake Pickle Liquor Causes Cessation of Thirst

Tucaloosa, Ala., Feb. 16.—Thieves drained the alcohol off all the pickled snakes in the museum of natural history of the University of Alabama yesterday.

As there were several shelves containing jars of reptiles, the robbers got enough alcohol to carry on a good sized liquor business.

Chances are that business will not be profitable, however, for news of teh theft has caused "hooch hounds" to lose their thirst.

Trapper Keeps Diary of Lingering Death in Frozen Northland

The Pas, Manitoba, Feb. 16.—Out of the frozen expanses of barren lands, 200 miles from the nearest trading post, news has just reached the provincial police here of the tragic death of A. O. Rinehart, of Duluth, Minn., a trapper. His body was found in a shack last October by two other trappers.

LOOT FROM BANK FOUND IN CHURCH

$23,500 Discovered By Children Under Church Steps

BANK ROBBED JAN. 30.

Investigation Being Made—J. W. Bales of This City, Representind Department of Justice on Case.

Reedville, Va., Feb. 16.—Children at Liberty Churchyard, near here, yesterday afternoon found a satchel belonging to the Commonwealth Bank, containing about $15,500 in cash and Liberty bonds and jewelry to the value of $8,000. This is part of the contents of the safe of the robbed and burned bank. The satchel was hidden under the back steps of the church. Finger prints were found about the steps and were photographed. No arrest has been made yet.

Residents of this little fishing village of 200 souls, many of whom were virtually made penniless by the bank's loss on January 30, are overjoyed at the recovery of part of the missing money and securities There is no other topic of conversation in Reedville last night.

The money and bonds were wet when found, and had evidently been exposed to the rain of last Thursday. It is not known how long they had been in the churchyard hiding place.

State Fire Marshal Lee, Commonwealth's Attorney Claude S Fowles, and J. W. Bales, an agent of the Department of Justice, are making an investigation.

Because of the destruction of all records in the fire, the extent of the bank's loss has never been established. With the find yesterday and the discovery of $2,200 in coin and a large amount of securities in and about the bank vault when the ruins were searched after teh fire, the remaining loss is believed to be in the neighborhood of $25,000 or $30,000.

Although it was thought, after the burning of the bank, that the safe had been dynamited before the fire, examination of the ruins revealed that the safe, although it was open, had not been dynamited.

Search was instituted in all the surrounding country and in nearby large cities for bandits who were believed to have committed the crime, but without result.

The deposits of the bank, of which H. Gordon Blunion is president and C. G. Coppege the cashier, were about 200,000.

Road Building

Only One Contract of Washington, Richmond Highway Awarded

(Special to the Gazette)

Richmond, Feb. 16.—In spite of the fact that materials and labor have been decreasing in cost for some months, bids just opened by the State Highway Commission for contemplated road work show that contractors, instead of decreasing, have raised their estimates of costs

As a result only one contract has been awarded this month of the $1,000,000 worth of work advertised in January. This is for a third of a mile of concrete roadway and three and a half miles of gravel road on the Richmond-Washington Highway just north of Fredericksburg.

Several reasons for the advanced costs are given by highway officials One is the increased cost of transportation of materials caused by increased through freight rates and the other is that road building materials have remained stationary, while everything else has decreased in cost

TO-DAY'S THOUGHT. We all have sufficient strength to endure the misfortunes of others.

La Rochefoucauld.

Waifs of Humanity Here is what might have been said by one of our rookies, waiting to go to the cruel, crimson fields of France, say, in 1917, as he stood on the bleak corner of a Chicago street, watching a little girl tarrying for a car: "Child with pinched face, boarding the car in the grim winter morning, as the wind heaps dun masses of dust around your slender ankles,--I shall remember you when the iron wind hurls red mist over the barricade, and strong shoulders go down under a sea of iron,--and there is no relenting.--I shall remember and say: For this, and for thousands like her--that there may be for them a joy, and a tree of rest,—after the cruel years of toiling, a rose. Stand, comrades, a wall of succor!—And in the last hour I shall smile at the pale wraiths of dawn—remembering.

This might have been said by one of our rookies—any one of them—for they all had the same spirit;—they would have gone whistling and singing to the iron death if they could have made things easier for this little girl and her sisters,—pinched, thinly clad, going to the day's work with its cheerless monotony, and returning at night to a mockery called home.

The words were written by a young man named Gessler, out in Chicago, and we believe he must have been a rookie. There is more real poetry in them than in half the magazine stuff that is published nowadays under that caption.

There is, likewise, food for thought; material for a sermon; substance for deep meditation.

Service The World's Motto. If we were asked to put into a single word the keynote of this 20th Century, we would answer, "service." Phillips Brooks, a truly great divine of the last century, once said: "The whole sum of life is service—service to others and not to self. No man has come to greatness who has not felt in some degree that his life belongs to the race."

This thought ramifies through all the relationships of human life. It is the secret of all human endeavor that pretends to success. It spells prosperity or failure to the merchant, the lawyer, the doctor, the divine.

For the first time in history man has answered the tremendous question asked in the Garden of Eden, "Am I my brother's keeper?" Through the centuries of bloodshed and warfare, of suffering and starvation, of the ceaseless toil of the millions in harshest labor—Man has at last raised his bowed head and answered, "I am my brother's keeper!"

Say It In Corn. When Herbert Hoover, chairman of European Relief Council, Thomas Lamont, of the China Famine Fund, and C. V. Vickery, of the Near East Relief, sent out their appeals not long ago in behalf of starving humanity, a young farmer in Illinois, heard the call. He had no money, but he had plenty of corn and a big warm heart. So he said to his fellow-farmers: "Let us market our surplus in relief and take our pay in love." One and one-half million farmers listened, and caught the sentiment.

Already 15 million bushels of corn have been delivered as a first instalment. Where in this earth would an appeal thus run the electric circuit from heart to hand in such speed.

Another thing, would this have been possible in 1914? Perhaps we are even now beginning to see the good that the Almighty designed in the war. It has quickened the pulse of humanity. The world sees, as never before, the brotherhood of Man and the fatherhood of God. May He bless the farmers of our native land this year and every year!

STADIUM CONTRIBUTIONS

The women's League of Voters have made the first cash contribution to the Stadium. The amount given was fifty dollars. The senior class of the High School have pledged themselves to raise the sum of $200 for the same purpose. The parent teachers association have promised to aid by means of lunches and suppers at the High School. Many persons have shown much interest in the fund, and it is hoped that it will soon attain such proportions as to warrant substantial improvements. All donations should be sent to Miss Corinne Reardon, 805 Prince Street, Alexandria High School.

Dr. Ballou Secures as Staff Dental Director

Portsmouth, Va., Feb. 15.—Dr. N. Talley Ballou, has just received notice of his appointment as director of oral hygiene for the State Department of Health. This appointment is in line with the policy adopted at the last meeting of the State Board of Health when it was determined that the work inaugurated last summer by the division of child welfare and public health nursing should become a permanent feature of the Virginia health program.

The survey of the dental situation as it relates to the school children of the State was not completed last year, but it went far enough to disclose the pressing need for work on the teeth of Virginia children. In some sections the percentage of those with remediable tooth troubles ran as high as seventy, and rarely did it fall in any school below fifty.

The permanent engagement of Dr. Ballou, is the beginning of an effort to make dental clinics available all over the State. Wherever these school clinics have been held they have proved to be popular, and one unexpected outcome of these has been that local dentists have become more interested in the work for children.

Dr. Ballou has not yet made definite plans for his office. He will not be able to leave for Richmond until the latter part of March or possibly some time in April, but before that time he will probably have a definite outline for work during the coming year.

CANNOT FIND WORDS TO EXPRESS THANKS

Hall Says he Can Eat Anything He Wants For First Time in Eight Years—Gains Fifteen Pounds by Taking Tanlac.

"I thought I would never be well again and was only looking for temporary relief, but Tanlac has put an end to my eight years suffering and built me up fifteen pounds in weight, besides, and I just can't find words to express my gratitude," said R. S. Hall, 435 North Ridge St., Danville, Va.

"I suffered from indigestion so bad that everything I ate bloated me up till I could hardly breathe, and I thought I had heart trouble. Sometimes just as soon as I had started eating the pains get me so bad I had to stop right there. I am a carpenter, and I was so nervous even the sound of my own hammer and saw upset me. I never got a good night's sleep and would get up morning's feeling so weak and bad I couldn't stay on my job regular.

"One day a friend advised me to take Tanlac, so I bought a bottle. Every time I took a dose I seemed to get better and by the time I had taken four bottles I felt like a new man. For the first time in eight years I am eating without suffering. My appetite is so big I can hardly satisfied and my stomach is in fine condition. My heart and nerves never bother me and I am feeling fine and working every day.

Tanlac is sold in Alexandria by Edgar Warfield, Jr., and good druggists everywhere.

GAS RELEASED BY SAFE FOILS BANK BURGLARS

Utica, Mich., Feb. 16.—Tubes of mustard gas, caused to break by an explosion of nitro-glycerin which had been fired in an attempt to rob the Farmers and Merchants Bank of Utica, routed the bandits.

The explosion blew open the front of the safe but the gas forced the robbers to flee before they could obtain anything inside the vault. The mustard gas tubes were installed as a burglary precaution.

IN MEMORIAM

A tribute of love and memory to our dear husband and father, Walker Campbell, who died two years ago today, February 16, 1919.

The midnight stars are gleaming
Upon his silent grave
The one we loved so dearly
And tried so hard to save.
The dear one now is sleeping,
No care is on his brow,
Oh blame us not for weeping,
We have no father now.
On you, dear father, we could always depend,
And know we had one sincere friend.
And the hours on earth you spent
Your heart to ours was always bent,
And when God summons us from this life to happiness true,
At the gates you'll be waiting, dear father, to welcome and greet us anew.

By his wife and children,
The cold, cold hands of cruel death
Upon my dear "Grand" fell,
No more on earth we now can hear
The voice we loved so well.

CALOMEL HORROR TOLD BY DODSON

You Don't Need to Sicken, Gripe, or Salivate Yourself to Start Liver

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling splendid. It is perfectly harmless so give it to your children any time. It can't salivate.

Man and Wife Held In Taxi Murder Case

Hagerstown, Md., Feb. 16.—Ralph Milburn and wife, who, it is thought can throw some light on the Garfield Miller taxicab murder mystery, were apprehended last night in the mountains near Roxbury, Franklin county, Pa., where they were staying with relatives, by Berkeley county (W. Va.) officers assisted by the Franklin county officers.

They were taken to Chambersburg, where they were questioned by the officers. On the way to Chambersburg efforts were made to extract some information from the couple, but they were unsuccessful. It is said Mrs. Milburn showed pronounced disinclination to go with the officers, and she refused to talk at all.

It is said Miller called to see Mrs. Milburn several times. It is thought he may have been attentive to her and that this may furnish a key to the murder.

Why Are Skin Diseases So Difficult to Overcome?

When your skin breaks out with itching eruptions, tetter, rash, eczema, psoryasis, or other terrifying disorders, temporary relief will do you but little good, for soon all the itching and irritation breaks out afresh with renewed fury, and you soon realize that local remedies such as ointments, salves and similar treatment will never rid you of your trouble.

These troubles originate in the blood, and if you expect real substantial relief you must treat them through the blood.

The best remedy for this purpose is S.S.S., the fine old blood remedy that purifies the blood of disease germs, and thus restores the skin to a normal and healthy condition.

Begin taking S.S.S. today, and write a complete history of your case, and our medical director will give you expert advice without charge. Address Chief Medical Adviser, 161 Swift Laboratory, Atlanta, Ga.

President Goes to Office First Time Since 1919

Washington, Feb. 16.—For the first time since his collapse in September, 1919, President Wilson yesterday met the members of his official family in the Cabinet room of the White House executive offices. The few Cabinet meetings still to be held by the Wilson administration, it was announced, will be held in the executive offices and not in the President's study in the White House proper as they have been since their resumption on the President's recovery.

Wilson walked to the executive offices unassisted at 4 o'clock and was in his chair at the head of the Cabinet table when the first Cabinet officer, Edwin T. Meredith, Secretary of Agriculture, arrived. When the full Cabinet had assembled camera men, operating under specially installed arc lights, took two photographs and were preparing to take more when the President stopped them.

"I think we have had enough of that," said the President, "We have other things to consider."

THE UNIVERSAL CAR

ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from $790.00 to $625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

Prayer Saves Life of Negro Prisoner From Negro Lynchers

Clyde, Ga., Feb. 16.—Negroes who came to shoot remained to pray here last night at their prisoner's call. That ended plans for a lynching and Israel Waters, negro, charged with having attacked a schoolgirl of his own race and, captured by a posse of white and negro residents, went to jail instead.

The whites turned Waters over to the negroes for punishment after his capture. He said yesterday he had stood up to be shot when he asked the brethren to pray for him, and the mob changed its mind about the shooting.

SINN FEINERS RESCUED THROUGH DARING RUSE

Dublin Castle reported last night night from Kilmainham jail of Frank Teeling, who was awaiting sentence for the murder of an officer, and two other prisoners brought to light an amazing ruse said to have been used to effect the escape of the three men.

Four soldiers on duty in the Kilmainham jail and four girls who were with them are said to have been kidnapped Sunday night while walking in the streets near the prison. According to the story the uniforms were taken from the soldiers and smuggled into the prison. Dressed in uniforms Teeling and the two other men walked out of the jail Monday evening, entered a waiting auto and were driven away.

Unlike Teeling, neither of the other escaped prisoners was accused of having been connected with the events of Dublin's "Black Sunday," November 21, but it is said that one of them—Simon Donnelly—had been "a badly wanted man."

The mothers of the girls who were kindnapped with the soldiers, received word yesterday that all were safe. It was declared also that the soldiers were being well treated and soon would be released.

The government newspapers yesterday characterize the escape as "the most daring coup the Sinn Fein has yet effected."

Dublin Castel reported last night that Constable Carroll had been found murdered in a field at Menagh. His eyes had been bandaged and his hands were tied behind his back.

Surgeon Removes Own Appendix As Object Lesson to Patients

Kane, Pa., Feb. 16.—Dr. Evan O'Neil Kane, chief surgeon of Kane Summit Hospital, performed an operation upon himself for chronic appendicitis yesterday. Sitting on the operating table, propped up by pillows and with a nurse holding his head forward that he might see, he cut into his abdomen, dissecting the tissues and closing the blood vessels as he worked his way in. Locating the appendix, he pulled it up, cut it off and bent the stump under. He applied local anaesthetic and a few hours after the operation declared he was feeling well.

Dr. Kane is 60 years old. He has been a surgeon 37 years and has operated in nearly 1,000 appendicitis cases. Nor is he a stranger in the field of self operating, as he amputated one of his own fingers two years ago. The operation yesterday was witnessed by his brother, Dr. Tom L. Kane, and two other physicians.

"I believe that I could exemplify in my own case notionly that the operation could be done without the use of a general anaesthetic, thus saving many individuals who had heart and other serious trouble from the dangers of a general anaesthetic, but that I could show that if a surgeon can actually do the work upon himself, there need be no fear on the part of the patient of having another do it," declared Dr. Kane.

SHELL SHOCK VICTIM MURDERS HIS FATHER

Lexington, Ky., Feb. 16.—Information received here last night from Greenup, Ky., says that King Spence, 56 years old, was stabbed to death at the family home at Danelton, Greenup county, by his 24 year old son, Albert Spence, who is a victim of shell shock sustained while serving in the American Army in France.

The tragedy was the result of an argument among members of the family. Albert's nerves giving way under excitement he grabbed a butcher knife and struck his father twice, cutting the elder man's eye, and then drove the knife into his father's throat. The father died almost instantly.

Albert Spence and his brother Howard, were volunteers in the army They were in the fore-front of the fighting in France until, during a battle, Howard was blown to atoms by a shell. The shock so injured Albert that he ws long in a hospital and his life was despaired of. He will probably be sent to the State Hospital.

ROAD NAMES DEFICIT AS WAGE CUT CAUSE

Chicago, Feb. 16.—The United States Railroad Labor Board yesterday heard arguments on the Atlanta, Birmingham and Atlantic Railroad's plea for permission to reduce wages. The case produced a wider variety of evidence and is said by railroad men to be of greater importance than any other single line dispute yet brought before the board.

The argument hinged on whether the board had jurisdiction over the road's financial status, which furnished the railroad's principal reason for wanting to reduce wages. It declared that a reduction of wages was made imperative because the road faced a monthly deficit of $100,000.

Summed up by B. L. Bugg, president, the road's position was: "Is the board going to disregard conditions of traffic? Is the board to fix rates regardless of the road's earning power? If the board can fix wages without regard to other conditions than the claims of the employes, then it is just as well that we have no representation here."

For the employes, W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen, stated the case as follows: "It has never before been suggested that wages be made to depend on the financial condition of a railroad. We are willing to make a test case before the courts on the constitutionality of the Transportation Act. If the contention of the Atlanta, Birmingham and Atlantic stands then, on the Delaware, Lackawanna and Western, which is able to pay twice as much, we will come in tomorrow with a request for an increase in wages."

The board handed down 25 decisions in the dispute between the Norfolk and Western Railroad and its employes. Ten were thrown out for lack of jurisdiction, 13 were decided in favor of the road and 2 in favor of the employes.

SPORTS

The boys leave tonight on the 7 p. m. train for their game in Washington with the Navy Yard boys at the 6th and Water street gym. A fast game is expected and those who make the trip will see a good game.

Watch for the dates of the Maryland State or Bolling Field games and be on the job to look these A-1 boys over.

A. A. A. Athletic Show Tonight

Extensive preparations have been made for the best show in a long time to entertain those who will attend the Alexandria Athletic Association farewell show before they take over the new home which has been leased for five years. This new home will give the great old town something they have wanted for a long time; that is a gymnasium.

This show tonight will be featured by a real bout when "Kid" Hyland, the torpedo plant mauler, will meet the one and only Theron Hayden, alias "Sinner," Alexandria's pride from Lighthouse Point.

Young Rocco, torpedo plant will try his skill against Young Hanson in a wrestling match. Young Hanson comes here with a good reputation of having trained under the direction of Hackensmidt the Russian lion. Another feature boxing bout will bring together Bull Arnold and Johnson from the torpedo plant, then we have the big feature where four dusky blacks from Alexandria will hook up in a battle royal. There will also be cats for the crowd.

Citizens' take notice, that the newly formed A. A. A. has just signed a lease on the best hall in town for five years and are making extensive improvements on the new athletic field.

Tomorrow night at the Gibraltar A. C. hall, when the athletic show of this club will be in progress, everything will be explained to you and you had better be there to hear some real surprises on the progress made in the past two weeks. What it is in the athletic line that Alexandria has not had, but would gladly make a drive for; a real up to date gymnasium is the thing we are going to tell you about. This club will give you a real one in their new home, a place where the members can get much needed exercise and enjoy themselves.

Many may ask what real good a place of this kind would do the community. Take a look for yourself in the Central Y. M. C. A. in Washington and see congressmen, lawyers, doctors, and an overflow of men from all walks of life taking exercises in the gym. If you should take the trouble to ask these men what they think of it, they would quickly reply that it is one of the most essential things of their life and fits them for real undertakings in the every day business life of the citizen.

Are you interested? If so drop around and we will let you in on the possibility of Alexandria having one of these places. We are giving an athletic show tonight and will tell you all about it, at the old hall, 605 King street. You will be surprised at the progress made so far in this line if you are there.

The Destroyer Athletic Club basket ball team will go to Washington tonight to play the Lafayette team of that city. The Washington lads have won fourteen straight games and the local boys will have to work hard to win.

The following players are requested to report at Columbus and King street at 6 o'clock this evening; Snellings, Cornell, Whitestone, Bayliss, Roadhouse, Faulkner, Owens and Alexander.
